Timeless Elegance

Description

Glamox A35 is a decorative and versatile luminaire. The sharp, well-defined lines and the contrast between the die cast aluminium body and the opal diffuser gives the luminaire a clean-cut and strong look. The opal diffuser creates a soft light with low glare and the lack of a frame gives a soft transition from light to shadow.

A35 Family

The A35 product family comprises a series of surface mounted luminaires in three different sizes (A35-S), as well as a pendent mounted luminaire (A35-P). By combining the different products in the family in clusters, you can create a unique interior design. All the products in the family are available in three different colours; black, grey and white.

Robust and smart

A35-S isn't all about good looks, it is also a fully enclosed luminaire with an IP54 rating and can be equipped with tuneable white LED's, integrated sensors and emergency lighting. Glamox A35 is fully compatible with Glamox Light Management Systems.

Technical description

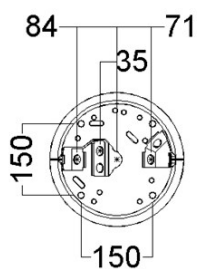

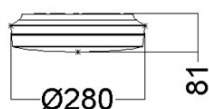

Light source	LED 1100 - 5500 lumen out Colour temperature 3000/4000 K CRI/Ra 80, MacAdams 3	Optic	Opal diffuser made out of polycarbonate
Driver	Fixed output (HF), DALI dimmable (100-1%) Driver lifetime up to 100.000 h/10 % (max failure) at Ta 25°C	Integrated emergency light	Glamox A35-S400/555 can be supplied with; Standard (S), Self-test (ST) or DALI. 1h or 3h emergency light.
Body material & colour	IP54/IK07 rated. Powder painted aluminium body in black, white or grey.	Integrated sensors	This product is available with different integrated sensors: SMR-SEN Microwave with relay based ON/OFF SMC-SEN Microwave with corridor function (100% light at presence and 10% light when no presence) For more information see user manual for each sensor under "Download".
